

DEVILBISS®

run-cy

**Ultra Light Weight
High Performance
Air Spray Gun**

320g

**At Ultra Light Weight of 320g
High Performance Spray Gun featuring Finest
Atomization and Comfortable Easy Operation**

Stainless Steel Fluid Passage

The fluid passage is made of stainless steel, compatible with all types of paints including waterborne.

Air Cap

Air cap for the finest atomization. (bigger diameter than former FUN GUN)
This provides you with consistent quality finish.

Grip and Hook

“fit and feel” - longer grip.
Easy to hook, difficult to drop-Hook.

Plated Gun Body

For a harder, durable finish and ease of cleaning.

Fluid Needle Adjusting Knob

Color needle adjusting knobs are available, as an accessory, in 5 colors (blue as standard) for easier identification --- by application etc.
