

The Limited Edition DeVilbiss ADV Cricket

The DeVilbiss ADV Limited Edition spray gun is a world class performer that will bowl you over by delivering first class atomisation of all professional automotive refinish materials from primers to clearcoats.

The advanced design and ergonomics provide the unrivalled fit, feel and performance that professional refinishers have come to expect from DeVilbiss, while the aluminium gun body is deeply anodised for durability in bright red and carries the distinctive laser engraved cricket theme.

Test match special!

From traditional solvent borne technology to the latest compliant waterbornes, the Limited Edition ADV can be supplied with the perfect set up to ensure a perfect spray pattern, excellent flake lay with metallics and pinpoint colour matches.

Perfect control is the hallmark of every world class player, so you can specify your ADV Limited Edition spray gun with a conventional set up comprising the 443 air cap and 1.3mm tip or for those bodyshops that prefer a compliant set up, you can choose the 510 air cap and a choice of the 1.3 or 1.4mm tip.

All the right kit!

When you go in to bat, you have to make sure you have all the right kit, that why the limited edition ADV spray guns are supplied as complete refinishers kits. They include the spray gun, gravity cup and paint filter, four coloured ID snap rings, the Torx/screwdriver, combination spanner and cleaning brush.

Limited edition ADV CRICKET
